Important: The walking path begins at the stroller friendly T Stop. Walk northeast through Harvard Yard and out the gate nearest the Science Center and Memorial Hall. Bear right in front of the Science Center, so Memorial Hall is on your right. Walk two blocks down Kirkland St. and turn left on Francis Avenue. Proceed another two blocks until you see a parking lot. Shannon Hall is a two story brown building on your left, across from Bryant St. behind the parking lot and a small playground.
